

Forklift Electrical Part

Forklift Electrical Parts - Lift trucks along with various lift trucks may have specific labels utilized in some hazardous locations. The mark indicates that this certain model of forklift meets the minimum standards of ANSI/UL 553 intended for electric forklifts or ANSI/UL 558 for internal combustion engine forklifts.

The use for labels utilized for lift lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Check with your local insurance carrier and Fire Marshall for additional information on the approved uses of industrial powered trucks in your application.

If the lift truck has been proven to satisfy the outlined standards, the following labels can be put. A marked truck would have the model description located on the lift truck nameplate and will have one of the following labels put.
